

Indian Society of Agricultural Engineers

G-4, A Block (Ground floor), National Agricultural Science Centre Complex,
Dev Prakash Shastri Marg, Pusa Campus, New Delhi -110012

Application form for Nominations for the Industry's Recognition

About ISAE (Indian Society of Agricultural Engineering)

- ISAE is the Biggest professional society for Agricultural Engineers in India. Members of ISAE spread all over India and globe. Members hold important position in various central and State government and many decision-making bodies, also in Bureau of Indian Standard. ISAE is the influential body for policy Making.
- For details about activities of ISAE may be seen at www.isae.in

Mission:

The mission of the Society is to promote sustainable development of Agricultural and Biological systems through Engineering and Technological interventions.

Objectives:

The objectives of the Society are to promote the science and art of engineering and technology in agriculture, natural resources management, environment, energy, food and biological systems through various engineering interventions.

About ISAE Convention:

- ISAE Convention is being organised every year with an objective to encourage research, foster education and advance the engineering standards in agriculture
- To promote the association of agricultural engineers with scientists and technologists of other disciplines, corporates, industries, line departments; Farmers Producer Organizations (FPO's) and start-ups, etc.
- To coordinate with national and international organizations.
- To publish research journals/popular magazines/periodicals/technical bulletins/reports/success stories of development, introduction and adoption of new agricultural engineering technologies, industry related materials, and their overall impact.

Indian Society of Agricultural Engineers

G-4, A Block (Ground floor), National Agricultural Science Centre Complex,

Dev Prakash Shastri Marg, Pusa Campus, New Delhi -110012

- To establish mutually beneficial cooperation and working relationship with other professional Societies in India and abroad.

This year ISAE Convention has been planned during November 10-12th at CIAE, Bhopal.

Keeping in view of the significant contribution from agricultural machinery industry for developing new technologies and providing platform for B Tech/M. tech Agricultural Engineers in terms of Internships and Job placements, ISAE want to recognise Industry's contribution in mechanization of Indian agriculture and recognition for significant contribution.

The Industry may send nominations for the recognition by Filling the below format and send it madhuri.isae@gmail.com on or before 25th October 2025.

Indian Society of Agricultural Engineers

G-4, A Block (Ground floor), National Agricultural Science Centre Complex,
Dev Prakash Shastri Marg, Pusa Campus, New Delhi -110012

Name of Company:

Establishment Year:

Company Headquarters and Manufacturing Unit:

Company Work Domain:

<input type="checkbox"/> Farm Power Machinery	<input type="checkbox"/> Irrigation and Soil Water Conservation
<input type="checkbox"/> Renewable Energy	<input type="checkbox"/> Food Processing
<input type="checkbox"/> Others	

Total Number of Employees:

Yearly Turnover:

Sr. No.	Criteria	Numbers	Supporting Documents attached	Weightage (To be filled By ISAE)
1	Names of important machinery sold by company			
2	Number of Agricultural Engineers Recruited by Company in last three years			
3	Highest pay package given to the B.Tech/M Tech Freshers by the Company			
4	Number of farmers Impacted by implementing emerging technologies in Agriculture			
5	Number of Knowledge sharing activities done by company for Farmers and Students (Number of individuals Covered)			
6	Is the industry associated with the ISAE?			

Any other information company may like to highlight about the contribution of the company on the Agricultural Engineering Profession
